

MEDICAL TECHNOLOGY ACCELERATOR STUDIO

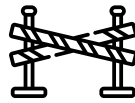

We're launching a long-term initiative to develop a robust pipeline of medical technology startups which will complement and advance existing product development and manufacturing capabilities in the Orthopedic Capital of the World®.

NOW WHAT'S NEXT

An eye-opening community event to raise awareness about the need for innovation.

BARRIERS TO INNOVATION

A workshop for companies who would like to unleash the innovators in their midst.

DESIGN THINKING

An event to generate new ideas to solve problems for future customers.

DISCOVERY WEEK

An accelerator for founders to help pressure-test ideas and build confidence.

Repeat to build capability within the local team to continue programs on into the future.

COMMUNITY IMPACT FUND

We're building a local base of funding for investors, so they can give to their community while helping new startup companies take flight.

TOGETHER WITH NEXT

KEDCO is partnering with NEXT Studios, a group of experienced startup founders, to build a sustainable program.

GET INVOLVED

We want you to be part of this by:

- Participating in sessions
- Bringing people to programs
- Sponsoring a startup team
- Contributing your ideas
- Serving as a coach or mentor
